Virus: Structure

| 1. | What are | viruses ı | made of? | Use appi | ropriate | vocabular | v in v | your answer. |
|----|----------|-----------|----------|----------|----------|-----------|--------|--------------|
|----|----------|-----------|----------|----------|----------|-----------|--------|--------------|

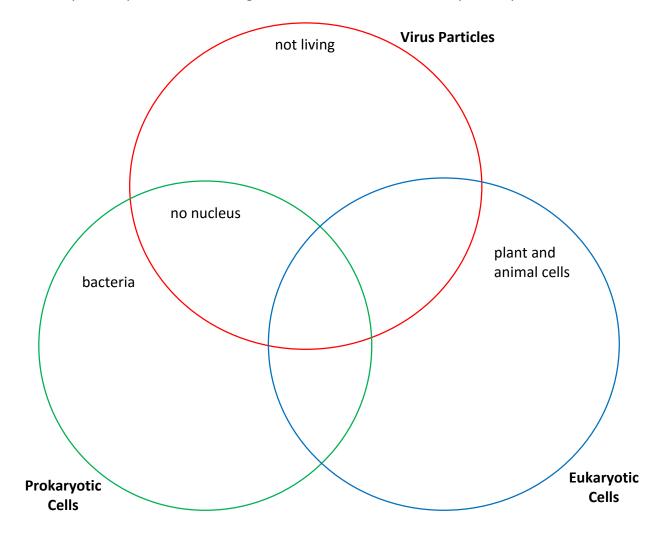

2. Draw a diagram of a virus and label the structures shown.

3. How do viruses differ from living cells?

OnTRACK Biology Journal

4. Fill in the Venn diagram below with the information you learned watching the video Kid2Kid: Comparing Cells to Viruses. Some example responses have already been included. After you complete the Venn diagram, review the video to check your responses.

5. Explain why antibiotics cannot be used to treat a viral infection.
