OnTRACK **Biology Journal**

Vocabulary

0	Adaptation
0	Physical Adaptation
0	Behavioral Adaptation
0	Biome
0	Abiotic Factors
0	Biotic Factors
0	Tropical Rain Forest
0	Boreal Forest/Taiga
0	Desert
0	Tundra
0	Temperate Forest
0	Grassland

OnTRACK **Biology Journal**

Organisms' Adaptations			
1.	How do physical and behavioral adaptations help organisms survive?		
2.	Describe two different adaptations that help organisms survive in harsh or hostile environments.		
3.	How do abiotic biome characteristics (like temperature or rainfall) affect the types of		

adaptations organisms living in that biome have?

OnTRACK **Biology Journal**

4.	Choose one biome and describe how a specific animal is adapted for survival in that biome.

5. Choose one biome and describe how a specific plant is adapted for survival in that biome.

Organism	Biome	Adaptations
	Rainforest	
	Grassland	
	Desert	
	Tundra
