See back for more details.

**Attention Pre-Kindergarten and Four Year-Old Daycare Providers,**

Education Service Center Region 15 is partnering with the Texas Education Agency (TEA) to improve the quality of early childhood learning and kindergarten readiness in the state of Texas.

The TEA has created an outreach program targeting early childhood providers, public and private, to utilize the Early Childhood Data System (ECDS) for reporting kindergarten readiness measures in the areas of reading, writing, math, science, and social studies. This data is used to make decisions on funding improvements for early education.

Education Service Center Region 15 is providing the opportunity for you to be a part of this statewide movement!

Below are the details for an informational event we are hosting for any interested pre-kindergarten providers. This introductory meeting will explain the ECDS data submission process and an outline of subsequent training opportunities to assist you in collecting and reporting the instructional data for your four year old students.

**Your participation in the ECDS collection entitles you to FREE ATTENDANCE at one of our upcoming Region 15 workshops designed for early childhood educators.  
You won't want to miss this opportunity!**

*If you have questions, please contact Julie Storey at 325-481-4096 or [julie.storey@esc15.net](mailto:julie.storey@esc15.net).*
