

Transcript – Research Activity

Now that we have seen how a dictionary defines these three concepts and have taken some time to write our own mathematics-focused understandings of these terms, let's review some research and make our understanding of computational fluency, mathematical proficiency, and automaticity cohesive and determine how these three notions are related.

Take a few minutes to read through the research-based definitions, keeping in mind the main ideas, questions you may have, ahas, teaching tips, or any other comments you may have.
